STATUTE WAS AIMED TO PRO-TECT INDIANA COAL MINERS.

SUPREME COURT'S DECISION

The Law Does Not Apply to All Classes, and, Therefore, Does Not Stand.

The law against "pluck-me" storis by the last Legislature is invalid. This act, which prohibits the assignment of wages that have already been carnel in exchange for tokens payable otherwise exchange for tokens payable otherwise than in lawful money of the United States, was held to be unconstitutional by the Supreme Court to-day. The Scourge of The Skin.

Only those who have suffered the torture of Eczema can appreciate the full meaning of the above sentence, "the scourge of the skin." The days and nights of endless suffering—the burning—the irritation—the weakness—the ever present, never ceasing misery of it, is only understood by the sufferers themselves.

Worse still—they suffer needlessly—because there is a cure—a positive cure—which will end their torture in a very short time.

The Supreme Court so held in affirming the case of the International Text-Book Company vs. Horace L. Weissinger et al.

The appellant operates a "correspond-erce school." Weissinger subscribed for a course of instruction in architecture, and gave the appellant an order on the American Car and Foundry Company, by which he was employed, for \$2 a month until the agreed tuition of \$61.25 should be paid. The company "accepted" the order, but afterward refused to make the pay-ments it called for.
